## Guide to Setting up an Account on our Website

## **Create an Account:**

1. Click on the "Register" link in the upper right corner of our website.

Data Fusion Solutions, Inc

Situational Awareness and Data Services

| Home | About | Contact | Products |
| Help-FAC | Register | log in

2. Enter your email address and a password. Your password must be at least 6 characters, have at least one number, one uppercase character, and one special character.

- 3. You will receive an email that contains a link that you must click on to validate your account. If your company uses security software to prevent you from clicking on links in emails, just send us an email and we will validate your account for you.
- 4. You can now log into the system using the "Log In" button in the upper right corner.
